The screenshot shows the AWS IAM console in the 'us-east-1' region. The left sidebar displays the 'Identity and Access Management (IAM)' menu with options like Dashboard, Access management, User groups, Users, Roles, Policies, Identity providers, Account settings, Access reports, Access analyzer, Archive rules, Analyzers, Settings, Credential report, Organization activity, and Service control policies (SCPs). The main content area is titled 'Attach permissions policies - Optional (Selected 2/843)' and includes a search bar and a table of policies. The table lists two policies: 'AWSNetworkManagerReadOnlyAccess' and 'AWSNetworkManagerFullAccess', both of which are AWS managed. The 'Create group' button is visible at the bottom right.

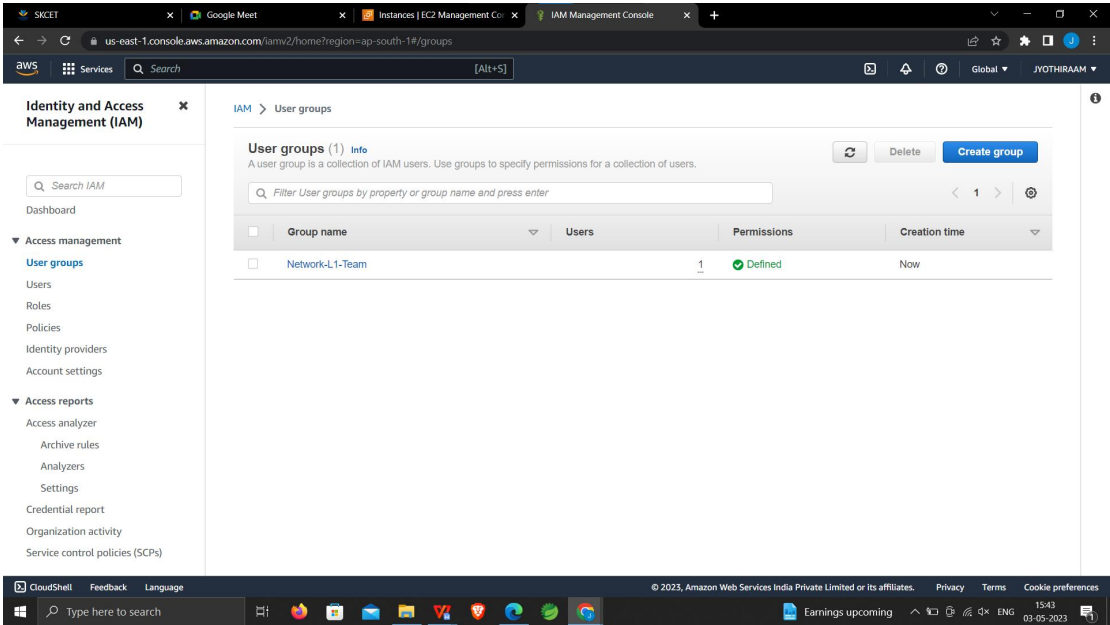

Policy name	Type	Description
<input checked="" type="checkbox"/> AWSNetworkManagerReadOnlyAccess	AWS managed	Provides read only access
<input type="checkbox"/> AWSNetworkManagerFullAccess	AWS managed	Provides full access to Au
